Detective fiction is a subgenre of crime fiction and mystery fiction in which an investigator or a detective—either professional, amateur or retired—investigates a crime, often murder. The detective genre began around the same time as speculative fiction and other genre fiction in the mid-nineteenth century and has remained extremely popular, particularly in novels.

Although there are many women authors, writing is a man's world. In 2017, Quartz examined literary prizes in the US and found that since 1950, only a quarter have gone to women. What's more, author Nicola Griffith discovered that from 2000 to 2015, not one of the 15 Pulitzer Prize-winning books were written from the point of view of a woman or girl, regardless of who wrote them.
