Georgism, also called geoism and single tax (archaic), is an economic philosophy holding that, while people should own the value they produce themselves, economic value derived from land (including natural resources and natural opportunities) should belong equally to all members of society. Developed from the writings of the economist and social reformer Henry George, the Georgist paradigm ...

Feeling the Heat From Below. Corporate power brokers of the national party are in the midst of a tactical retreat. But it's not surrender. During the latest Rules and Bylaws Committee meeting, former DNC chairs Donald Fowler and Donna Brazile voiced strong—and in Fowler's case, bitter—opposition to changing the superdelegates status quo.
